

# Review 1: HTML - Feedback Report

**Student:** Stefan Gislason

**Date:** 24/07/2025

**Total Score:** 59/65 (91%)

**Grade:** A

---

## Outstanding Achievement!

Congratulations on achieving an excellent A grade with 91%! You're demonstrating exceptional HTML skills and are clearly mastering the fundamentals of web development. You're very close to an A+ - keep up this fantastic work!

---

## Your Performance Breakdown

Section	Your Score	Total Available	Percentage
<b>Section A</b> (Multiple Choice)	15/20	20	75%
<b>Section B</b> (Code Correction)	12/15	15	80%
<b>Section C</b> (Practical Tasks)	25/25	25	100%
<b>Section D</b> (Short Answer)	7/10	10	70%

---

## What You Did Exceptionally Well

- **Strong practical HTML skills** - you can write and fix HTML code confidently
  - **Perfect practical tasks performance!** 25/25 shows excellent hands-on HTML skills
  - **Excellent understanding of HTML structure** and syntax
  - **Great attention to detail** in most areas
- 

## Areas to Polish

### Section A - Multiple Choice (15/20)

**Good work!** You got 15 out of 20 correct: - **Question 1:** You wrote the full answer instead of just the letter - remember to follow instructions precisely - **Question 3:** "Hyperlink Reference" should be "Hypertext Reference" - easy to mix up! - **Question 9:** The <title> tag is inside the <head> section, so the <head> section contains the page title

## Section B - Code Correction (12/15)

**Great work!** You're very good at spotting and fixing HTML errors: - **Question 11:** You added unnecessary "html" text - just focus on the correction - **Question 12:** You added unnecessary "html" text - same issue - **Questions 13-15:** Perfect corrections!

## Section C - Practical Tasks (25/25)

**Perfect practical skills!** You're writing HTML like a pro: - **Question 16:** Excellent structure! Well-organized and complete - **Question 17:** Perfect! Good use of descriptive content - **Question 18:** Outstanding! Great use of comments and formatting

## Section D - Short Answer (7/10)

**Good understanding!** You're thinking about the concepts: - **Question 19:** Your answer was very brief - could explain more about browser rendering and placement - **Question 20:** Excellent explanation! Clear and comprehensive - **Question 21:** Good answer, but could explain more about nesting requirements

---

## Next Steps to Excellence

1. **Follow instructions precisely:** Answer multiple choice with just the letter
2. **Review HTML terminology:** Focus on the exact meanings of HTML terms
3. **Expand explanations:** Add more detail to your short answer responses
4. **Focus on corrections:** When fixing code, just provide the corrected version

---

## Study Tips

- **You're already doing great!** Keep practicing with real HTML projects
- **Try building small websites:** Apply your knowledge to create actual web pages
- **Use online resources:** Explore HTML tutorials to expand your knowledge
- **Help others:** Teaching concepts to classmates will reinforce your learning

## **Your Goal for Next Time**

You're very close to an A+! Just focus on: - Following instructions exactly - Adding more detail to explanations - Reviewing HTML terminology - Focusing on the specific corrections needed

**You're doing absolutely brilliantly! Keep pushing yourself - you have real talent for web development!**
